

# MECHANICAL ENGINEERING DEPARTMENT

## 1. Academic Program

### ✓ Research Institute

Doctoral Program in Mechatronic Science and Technology (for Local and International Students)

Master's Program in Mechanical Engineering (for Local Students, Working Professionals, Foreign Students, and International Students)

### ✓ Academic Divisions

- Automation Conditions Group
- Intelligent Manufacturing Group
- Advanced Vehicle Group

### ✓ Special Program

Flagship Dual-Track" and Industrial-University Collaborative Classes

## 2. Highlights of the Course

- Automation Systems Group
- Intelligent Manufacturing Group
- Advanced Vehicle Group

## 3. Professional Certificate

- Heat Treatment Type B/C, Mechatronics Type B/C, Compressed Pressure Type B/C, CNC Aircraft Type B
- Mechanical Specialist, Automation/Robotics Engineer, Computer-Aided Drafting Consultant, International Licensing Consultant Solid Edge CSEA

## 4. Achievements

- Longteng Smile Startup Competition
- International Invention Exhibition
- TSMC Device Innovation Competition
- Wanrun Innovation and Creativity Competition
- Environmental Protection Vehicles & Hydrogen-Powered Vehicles

## 5. Some Programs Available for International Students

- (Chinese / English) 4-year Bachelor's & 2-year Master's Degree
- (Chinese / English) (1+4)-year Industrial Preparatory Program (IFP) & INTENSE 2+2-year Program
